Checks after the repair

Measured before the car left the shop. Printouts are in your repair file.

CHECK	RESULT	STANDARD
Front structure measurement	Within 2 mm	Factory spec ±3 mm
Front radar calibration	Passed	Factory procedure
Windshield camera calibration	Passed	Factory procedure
Four-wheel alignment	In spec	Factory spec
Paint color match	Approved in daylight	No visible difference

Caring for new paint

New paint keeps curing for a few weeks.

- ☐ Hand wash only for the first 30 days
- ☐ No wax or polish for 90 days
- ☐ Keep pressure washers a foot away from the new paint
- ☐ Wipe off bird droppings and tree sap promptly

Common questions

Does the warranty go with the car if I sell it?

The lifetime workmanship and paint warranty is for you as owner. Parts keep their manufacturer's warranty for the new owner.

A warning light came on. Is that the calibration?

Bring the car in. If the radar or camera we calibrated needs adjusting, it is covered.

Warranty terms

1. Who it covers

1.1 Rachel Kim, as owner of the vehicle with the VIN ending 7Z41188.

2. Remedy

2.1 We repair or refinish covered work at no charge. This warranty does not limit your rights under your insurance policy or the law.
