Print terms

1. Proofs

1.1 We print only from proofs you approve in writing. Please check text, spelling and phone numbers: errors on an approved proof are not reprinted free of charge.

2. Color

2.1 Color matches the approved hard-copy proof within normal press variation. Screens differ, so PDF proofs show layout, not exact color.

3. Overs and unders

3.1 Quantities may vary by up to 5% over or under. We bill only for the quantity delivered.

4. Files

4.1 You confirm you have the right to print the artwork, fonts and images you send.

5. Payment

5.1 A 50% deposit on approval of the proofs, the balance on delivery. New accounts pay by card or bank transfer.

6. Changes

6.1 Changes after proof approval are charged at $75 an hour for prepress, plus any wasted paper and plates.

Print questions

Can you match our brand orange?

Yes. We print a color proof against PMS 1365 C and adjust before the run.

Why a hard-copy proof?

It is the only way to see the real color and fold before 5,000 brochures are printed.
